2018-19 GRADUATION GUIDE

Emergency Medical Services: EMT
Holland code family: Doers

About the Program
The Emergency Medical Technician (EMT) two-term pathway certificate offers career training for entry-level personnel in EMT. Successful completion of the EMT course leads to eligibility to sit for the state and National Registry EMT exams. Successful completion of the curriculum leads to a two-term RCC pathway certificate and the ability to apply for positions as EMTs in hospital emergency departments and ambulance services. It is also the minimum requirement for some firefighter positions.

The U.S. Department of Education requires disclosure of specific information about career and technical certificate programs to prospective students. Data includes Standard Occupational Classification (SOC) codes (www.bls.gov/SOC), graduation rates, tuition and fees, typical costs for books and supplies, job placement rates for students completing the programs, and median loan debt incurred by students completing the programs. For more information visit www.roguecc.edu/GainfulEmployment.

Entry Requirements
Students are required to complete the Placement Process to determine skill level and readiness in math, reading, and writing. As part of their training program, students must begin with the courses within their skill level as determined by the results of their placement assessment. In addition, students may also be required to enroll in classes that would increase their employability and success.

This program requires an application and satisfaction of certain course admission criteria prior to enrolling in the EMT certification courses (ES131, ES132). Information is available on the Department website (www.roguecc.edu/ES131). All students must meet with the program advisor, the ES Department Chair, and the ES Department advisor to review and approve their course plan. Program admission criteria, including health considerations, are discussed with the program advisor, the ES Department Chair, and the ES Department advisor. Students are strongly encouraged to meet with an ES Department advisor prior to enrolling in classes.

Advanced Standing
Coursework from accredited colleges and universities will be accepted in accordance with college policies and the ES Department chair’s recommendation. In order to ensure that coursework is current, program courses over five years old must be reviewed and approved by the ES Department chair before being accepted toward core requirements.

Entry-level Emergency Medical Technician (EMT) 1
• Emergency Medical Services: EMT Career Pathways Certificate (24-29 credits)
  • Emergency-level Emergency Medical Technician (EMT) 1

Emergency Medical Services: Certificate of Completion (47-55 credits)
