

Rogue Community College grants credit for military training/experience in accordance with ACE Guide recommendations and the documented completion of military experience or training which parallels classes offered at RCC. In order for credit to be granted, the course for which credit is requested must be applicable to the RCC degree which you are seeking. Credit will be granted only for those classes which directly apply to the completion of a Rogue Community College certificate or degree.

It is the practice of the RCC Student Records Office to accept requests for the evaluation of military credits **only after a student has completed 12 credits at RCC.** These requests require the submission of an RCC Evaluation Request, accompanied by this completed form, an original or certified copy of your DD214, and any other documentation (i. e., training certificates) supporting the granting of the requested credits. Upon presentation of this documentation at Student Records/Rogue Central, your documentation will be photocopied, and all originals immediately returned to you.

Please feel free to contact the Enrollment Services Office at 956-7427, if you have questions regarding this Military Credit Request.
