FOR IMMEDIATE RELEASE

RCC sponsors computer aided drafting competition

Thirty high school students from Jackson, Josephine and Klamath counties will be competing Friday (March 4) in the annual Industrial Design and Computer Aided Drafting (CAD) Skills Day.

Coordinated by Rogue Community College’s 2+2 Early College Credit program, the event is scheduled from 8:45 a.m. to 2:30 p.m., at the RCC Crater Lake Center, 5759 Crater Lake Hwy., Medford,

Students will compete in mechanical and architectural CAD, with judges and speakers from RCC staff and industry. An awards ceremony follows.

The contest is one of a series of events RCC sponsors each year to help area high school students get information about career and educational opportunities. Other competitions focus on welding and carpentry skills. The annual Build-A-Thon is set for April 29 at the Crater Lake Center.

More information is available from Patti Kramer, 2+2 coordinator, at 245-7711.
