RCC Discovery programs grads sought to help celebrate 20th anniversary

Plans are in the works to hold a 20th anniversary celebration of Rogue Community College Discovery programs: Moving On in Grants Pass and Bright Futures in Medford.

The reunion event will take place this summer at RCC’s Redwood Campus in Grants Pass, and program staff would like to invite people who went through the Discovery programs to attend. Over the past two decades more than 1,000 students have graduated from the programs, which help students return to school and the workplace.

“Are you a former Discovery programs student or know someone who is?” asked Jenny Jackson, advising assistant. If you have contact information about any former students, call 956-7323 for Moving On in Grants Pass and 245-7538 for Bright Futures in Medford.
