RCC fall term registration starts June 27

To help students plan further in advance, Rogue Community College is moving registration for fall term classes up two months.

Current students can register starting June 27, with June 30 the first day for new students to sign up.

The change comes in response to requests for earlier registration opportunities from students and area high school counselors, said Linda Renfro, associate dean at RCC’s Table Rock Campus.

“Students will be able to make their plans earlier, and this change gives them a better chance to get the classes they want,” she said.

Students can register online at www.roguecc.edu or enroll in person at Rogue Central Services for Students at RCC’s Redwood, Riverside, or Table Rock campuses.

Meanwhile summer term registration is under way with classes starting July 10.
