Using Windows 8 for Business: Class Offered at Rogue Community College
Small Business Development Center

The RCC Small Business Development Center (SBDC) will offer a new six-hour computer class, Using Windows 8 in Your Business. Learn the difference between the Windows you are now using and how to use the new Windows 8 version in your business.

The class will meet Tuesdays and Thursdays from 6-8 p.m. from September 30 through October 7. This class will be held at the RCC Small Business Development Center, 214 SW Fourth Street in downtown Grants Pass. The instructor is Jim Sweeney. The tuition for this class, including the technology fee, is $114.

The SBDC’S free of charge two-hour Smart Start Your Business class will continue twice a month on Tuesdays with one class held from 9-11 a.m. on October 7 and from 6-8 p.m. on October 21. Classes meet at the SBDC. This two-hour no-cost class is designed specifically for those considering self-employment. Those in attendance will gain the information needed before beginning a business. Topics include entrepreneurship, business structure basics, exploring options, rules and regulations, business and marketing planning, cash flow projections, and recordkeeping basics. The instructor is Dave Tally.
