Web Development
Associate of Applied Science Degree

Major Code: 110101A

About the Program
The Web Development program is designed to prepare students for employment in Web development and Web programming positions within an organization. This two-year degree provides students with the skills to plan, create, and implement websites for a wide-variety of businesses. Many of the courses taken toward this degree can be applied to a four-year degree in Web development, computer programming, and other Web-related careers.

The curriculum in RCC courses is derived from a set of identified learning outcomes that are relevant to the discipline. For a list of learning outcomes for this discipline or program, see www.roguecc.edu/Programs/LearningOutcomes.

Entry Requirements
Students are required to take the college placement test to determine skill level and readiness in math, reading, and writing. As part of their training program, students must begin with the courses within their skill levels as determined by placement test scores. Students entering the program must successfully complete any prerequisites listed. In addition, students may also be required to enroll in classes that would increase their employability and success.

Advanced Standing
Coursework from accredited colleges and universities will be accepted in accordance with college policies and the Computer Science Department chair's approval. In order to ensure that coursework is current, program courses over 10 years old must be reviewed and approved by the appropriate department chair before being accepted toward core requirements. Each College Now credit student must meet with the Computer Science Department chair to determine placement.

If students intend to transfer to SOU's Bachelor of Applied Science degree program, transfer courses should be chosen from the list of electives where possible. See an advisor for more information or visit www.sou.edu/degreecompletion.

Graduation Requirements
To graduate, students must complete all courses in this program with a grade of “C” or better. Certain prerequisite courses are graded on a pass/no pass basis only. A grade of "P" for these courses must be submitted to the computer science department chair before being accepted toward core requirements. Each College Now credit student is current, program courses over 10 years old must be reviewed and approved by the appropriate policies and the Computer Science Department chair's approval.
