

Early Childhood Education (Intermediate)

Holland code family: Helpers

About the Program

The Early Childhood Education three-term program prepares students to work with young children from birth through 8 years of age and their families in a variety of settings including child care centers, family child care, preschools, Head Start, school age programs, home visiting, and parent education. It is planned to accommodate both full- and part-time students including those currently employed in the field.

The program has as its foundation the basic certificate which also fulfills the formal training requirement for the Child Development Associate (CDA) credential. The three-term intermediate certificate is the second step on the career pathway leading to the one-year certificate and the AAS degree. The intermediate certificate prepares students to work as teacher assistants in child care programs, Head Start, or other early childhood settings.

For the corresponding relationship of the early childhood education coursework to the Oregon Registry: Pathways to Professional Recognition in Childhood Care and Education, go to www.pdx.edu/occd/oregon-registry-2 and click on Oregon Registry.

Program Learning Outcomes

The curriculum in RCC courses is derived from a set of identified learning outcomes that are relevant to the discipline. Program learning outcomes for early childhood education programs are:

Promote child development and learning: Students will be able to demonstrate their understanding of a) children's characteristics and needs and b) the multiple interacting influences on children's development and learning; and c) Students will be able to use developmental knowledge to create learning environments that are healthy, respectful, supportive, and challenging for each child.

Build family and community relationships: a) Students will know about, understand, and value the importance and complex characteristics of children's families and communities; b) Students will be able to support and engage families and communities through respectful, reciprocal relationships; and c) Students will be able to involve families and communities in their children's development and learning.

Observe, document, and assess: a) Students will understand the goals, benefits, and uses of assessment; b) Students will know about and use observations, documentation, and other appropriate assessment tools and approaches; c) Students will understand and practice responsible assessment to promote positive outcomes for each child; and d) Students will know about assessment partnerships with families and with professional colleagues.

Use developmentally effective approaches to connect with children and families: a) Students will understand positive relationships and supportive interactions as the foundation of their work with children; b) Students will know and understand effective strategies and tools for early childhood and/or elementary education; c) Students will use a broad repertoire of developmentally appropriate teaching/learning approaches; and d) Students will reflect on their own practice to promote positive outcomes for each child.

Use content knowledge to build meaningful curriculum: a) Students will understand content knowledge and resources in academic disciplines; b) Students will know and use the central concepts, inquiry tools, and structures of content areas or academic disciplines; and c) Students will use their own knowledge, appropriate early childhood or elementary learning standards, and other resources to design, implement, and evaluate meaningful, challenging curricula for every child.

Demonstrate professionalism: a) Students will identify and involve themselves with the early childhood and/or elementary education field; b) Students will know about and uphold ethical guidelines and other professional guidelines; c) Students will engage in continuous, collaborative learning to inform practice; d) Students will integrate knowledgeable, reflective, and critical perspectives on education; and e) Students will engage in informed advocacy for children and the profession.

Entry Requirements

Students are required to complete the Placement Process to determine skill level and readiness in math, reading, and writing. As part of their training program, students must begin with the courses within their skill level as determined through the Placement Process. In addition, students may also be required to enroll in classes that would increase their employability and success.

Students are also required to provide information regarding their measles immunization status by completing the form found on the RCC Early Childhood and Elementary Education Department website and clicking on "Measles Immunization." Completed forms must be submitted to a department secretary.

Students must also obtain an RCC student identification card. RCC photos will be taken on a scheduled basis in the Student Services area on the Redwood Campus, Grants Pass (541-956-7090), or upstairs in G Building at the Riverside Campus, Medford (541-245-7560). Students should take their schedules to obtain an identification card. Take the identification card each time an observation is scheduled in an early childhood setting.

Many courses in this department require participation in community schools, programs, and agencies for observation and practicum experiences. Some of these sites may require a background check in order for a student to participate. Future employment serving children and families will require a background check. Students may wish to consider going through a background check process to be ready for potential observation, practicum, and employment experiences – check with an ECEE advisor for additional information.

For some classes, early childhood education students are required to use the Redwood Early Childhood Center, which is a Head Start site. Therefore, all students in the Early Childhood Education program must obtain prior clearance from Head Start. The process for doing this is on the Southern Oregon Head Start website, www.socfc.org. Click on "Volunteer" and then on "Download Volunteer Packet." Required paperwork must be completed before observing or participating at a Head Start site.

Advanced Standing

Coursework from accredited colleges and universities will be accepted in accordance with college registration policies and the Early Childhood Education Department chair's approval. In order to ensure that coursework is current, program courses over 10 years old must be reviewed and approved by the appropriate department chair before being accepted toward core requirements. Each College Now credit student must meet with the department chair to determine placement.

Credits earned in the successful completion of Career Pathways Certificates can be applied to other certificates and degrees in the Career Pathway. For more information, speak to a program advisor and review the roadmap at www.roguecc.edu/Programs/CareerPathways.

Early Childhood Education (Basic), Career Pathways Certificate (13 credits)

- Entry-level daycare provider, child care worker, or nanny ¹

Early Childhood Education (Intermediate), Career Pathways Certificate (32 credits)

- Daycare provider, child care worker, or nanny ¹
- Teacher aides/assistants ¹

Early Childhood Education, Certificate of Completion (51-54 credits)

- Daycare provider, child care worker, or nanny ¹
- Preschool teacher ¹
- Teacher assistant ¹

Completion Requirements

Students completing the required credits in this program with a grade of "C" or better will receive their certificates. Certain required courses are graded on a pass/no pass basis only. A grade of "P" for these courses indicates a student earned the equivalent of a "C" or better grade.

Prerequisites

Course No.	Course Title	Credits
WR115	Introduction to Expository Writing or BT113 Business English I or designated placement test score	0-4
Total Prerequisite Credits		0-4

Required Courses ¹

Course No.	Course Title	Credits
ECE125	Early Childhood Development ²	3
ECE126	Early Childhood Education Best Practices ²	3
ECE135	Applied Child Development ²	3
ECE136	Early Childhood Education: A Professional Overview ²	3
ECE151	Guiding Children in Group Settings	3
ECE152	Fostering Creativity	3
ECE161	Infant/Toddler Development	3
ECE163	Preschool/Primary Development	3
ECE175	Developmentally Appropriate Practices	3
ED170	Introductory Practicum	2
PSY101	Psychology of Human Relations	3
TOTAL PROGRAM CREDITS		32

¹ It is recommended that students take a math course depending on placement test score.

² Prerequisite WR90.
