RE: Emergency Medical Services (EMS) Program Accreditation

Dear Dr. Kemper-Pelle;

The report from the Emergency Medical Services (EMS) Program site visit accreditation team is enclosed. This report contains the team's findings, commendations and recommendations. This documentation indicates that the college is meeting the state EMS Accreditation Standards.

This will serve as official notice that Rogue Community College is accredited to offer the EMT, AEMT, Paramedic and EMT Intermediate courses. Unless there is a significant change in the Rogue Community College's EMS program, this accreditation is granted until August 20, 2024. Should a significant change occur, please contact KC Andrew, Education Specialist, CCWD, at 503-947-5742, to determine if the change would affect the EMS programs accreditation status.

Sincerely,

Donna Lewelling
Deputy Director
Community Colleges and Workforce Development
