ORS 341.290(20)

* See note below for state-funded capital projects

Capital Outlay Program

The **college president** will annually report to the Board of Education a **five year** capital outlay program. The program will consist of the plans of the **Rogue Community College** concerning its future academic and student service programs, and the effects of such programs on construction needs.

Specifically, the **five** year capital outlay program will include the following:

- Statement of educational plans
- Statement of energy plans
- Statement of disabled persons' barrier removal plan
- Location of program delivery
- Location of other owned lands
- **Rogue Community College**-wide priority lists
- **Rogue Community College**-wide capacity/load ratios
- **Rogue Community College**-wide supporting detail

Contracts

Construction contracts will be awarded in accordance with AP 6350 Contracts – Construction and will comply with applicable laws relating to public works.

NOTE: For state-funded capital projects, HECC has the authority under ORS 341.933 to establish rules. See OAR 589-003-0100 for the project request process and criteria.
