She earned her bachelors in Healthcare Administration at Oregon State, her Masters in Public Administration at Old Dominion University, and her doctorate in Human Services at Capella University. Diane served for over 20 years as a Naval Officer, and she came home in 2011 to continue to serve as the Josephine County Public Health Director. Diane has been married for over 30 years to Jim Sweeney. They have two sons, a goofy dog and a neurotic cat. Instructor Spotlight

Grover Kuhs
CPR and First Aid

Grover Kuhs has a Bachelor Degree in Business Management from Southern Oregon University. He is a Safety and Environmental Manager for a manufacturing facility in Grants Pass. Last year he was awarded Safety Professional of the Year by the Southern Oregon Chapter of the American Society of Safety Professionals.

Grover has been teaching CPR and First Aid for approximately ten years. Grover worked for RCC as an assistant instructor; then moved into a lead instructor position for First Aid and CPR. This Oregon Department of Transportation (ODOT) approved traffic safety course consists of one two-hour mandatory parent/student program information and scheduling meeting, thirty hours of classroom instruction, twelve hours in the car for six hours of behind the wheel instruction, and six hours of observation.

Driver training is a comprehensive training program committed to effectively developing low-risk behavioral patterns and preparing young drivers to be safe operators in today's complex driving environment. The goal is to eliminate preventable accidents and give young drivers the skills needed to survive. Course meets Oregon requirements for high school driver education.

It is imperative for both parent and student to attend the mandatory meeting as drive schedules are established at this session and rescheduling drives prolongs the completion of the course for your student and their driving partner.

Mandatory Parent/Student Driver Training program information and scheduling meeting:
Parents and students are required to attend this 2-hour information and scheduling session where state law and course requirements are discussed. Students will partner with classmates and sign up for their behind the wheel driving appointments. Drive times do not coincide with classroom dates and times and drives will extend past the last scheduled classroom date.

Driver Education Program (Ages 15-17 with OR Permit)
Students must be under 18 years of age and have a valid Oregon DMV Instruction Permit throughout the entire program. Otherwise, students are to enroll for Driver Training for Young Adults. Drive times do not coincide with classroom dates and times.
