

If you received a request from Financial Aid for an “Aid-Eligible Major” document, your current major is not eligible for financial aid. To resolve this:

- 1. If you have completed the Placement Process and are degree-seeking at RCC:**
  - Contact an [Academic and Career Coach](#) to discuss and update your major.
  - Notify your [FinAid Advisor](#) when your major has been updated.
  
- 2. If you have not completed the Placement Process and are degree-seeking at RCC:**
  - Visit the [Placement Process](#) page and complete Placement. Once Placement is done, you’ll get an email from [Admissions and Recruitment](#) with your next steps as well as contact information for your Advising Case Manager.
    - If you’re not sure if you completed the Placement Process, contact [Admissions and Recruitment](#) for clarification.
  - Contact your [Academic and Career Coach](#) to discuss and update your major.
  - Notify your [FinAid Advisor](#) when your major has been updated.
  
- 3. If you are not seeking an RCC degree/certificate:**
  - You are not eligible for federal/state aid. Contact your [FinAid Advisor](#) if you’d like to discuss your situation and/or other financial resources that may be available.

If you have any questions about these steps, please reach out to your [FinAid Advisor](#) for assistance.
