STATEWIDE ARTICULATION
AGREEMENT: MAJOR
TRANSFER MAP IN ENGLISH
LITERATURE

A statewide transfer agreement that identifies the community college courses needed to transfer to any Oregon public university as a junior seeking a Bachelor of Arts in English Literature.

Statewide Transfer Articulation Agreement:

Major Transfer Map in English Literature

90-100 Credits or Optimal Transfer Point

From: All Oregon Community Colleges

To: All Oregon Public Universities

Introduction: Major Transfer Maps (MTMs) represent a streamlined path for students transferring from an Oregon community college to an Oregon university who know which major/bachelor's degree program they want to pursue. In contrast to other statewide transfer tools that prioritize university general education requirements (i.e. AAOT and ASOT), MTMs specify clear course-taking paths necessary for on-track progress towards a specific major/bachelor's degree, with a guarantee of transfer from any Oregon community college to any Oregon public university. MTMs build on the 30-credit general education foundation defined by the generic Core Transfer Map (CTM), although MTMs may specify particular relevant/required General Education courses as part of the 30-credit CTM component of the MTM.

The statewide English Literature Major Transfer Map (MTM) will use the Associate of Arts Transfer degree formats.

The MTMs identify the optimal and specific set of community college courses students need to take to transfer efficiently into the major at the university. The successful completion of the MTM allows students to receive status at the public university, based on the number of academic credits referenced in the transfer agreement, including at least 30 credits of general education satisfied, that is comparable to the status of students with the same number of academic credits in the major course of study who began their postsecondary studies at the public university. The students will not be required to retake a course, as long as the minimum required grades have been earned.

Students must have earned a cumulative grade point average of 2.0 and meet the residency requirements at the community college awarding the MTM.

When students complete an MTM, the general education courses in the "Core Transfer Map" portion of the MTM, for which minimum required grades have been earned, are guaranteed to transfer into general education, degree, or major requirements for a bachelor's degree at any Oregon public university (ORS 350.404). However, while CTM-related courses are guaranteed to transfer into general education, degree, or major requirements, students completing an MTM will not be awarded a CTM also.

Students who want to transfer prior to completing the MTM should talk with their community college advisor and an advisor at their target university prior to transfer about how their courses will count towards general education requirements and degree/major requirements. If the MTM is not awarded advisors can guide students to determine if they are eligible for a CTM.

Students are responsible for informing the admissions counselor or intake advisor at their receiving four-year institution that they are completing an MTM. It is important for students to understand that completing the MTM in two years and the bachelor's degree in four years requires them to

complete a minimum average of 15 credits per quarter (or 45 credits per year).

The guarantees and limitations below describe the minimum requirements to which all participating institutions have agreed. If an institution is not meeting the guarantees described below a complaint can be filed with the Oregon Transfer Advisory Committee (OTAC).¹

Part 1: Guarantees

Students who complete all the requirements of an MTM (i.e. an MTM associate's degrees or an MTM non-degree package when optimal transfer requires fewer than 90 credits) as defined in the specific MTM agreement, who have earned the minimum required grades and a cumulative 2.0 GPA or higher, meet residency requirements, and who are admitted to the receiving institution's corresponding major/degree program are guaranteed the following:

1. Status within the major at the public university that is comparable to the status of students with the same number of academic credits in the major course of study who began at the public university (when the MTM is equal to at least 90 credits this would equate to receiving "junior status in the major course of study at the public university").
2. Eligibility to graduate following the degree/major requirements in effect at the university during the academic year the student first enrolled in the community college that awarded the MTM. If the student does not complete the degree within 7 years of the first enrollment at the community college awarding the MTM, they should meet with an advisor to determine which catalog to use.
3. All courses in the MTM will transfer individually. If a student transfers before completing the MTM, all courses will still transfer but may not apply in the same way as they would if the MTM was completed. If the CTM has been awarded, the guarantees inherent in the CTM apply.
4. The ability to file a complaint with the Oregon Transfer and Articulation Committee (OTAC) if the guarantees of the MTM are not being met. OTAC will review complaints submitted to the Higher Education Coordinating Commission (HECC) or to OTAC regarding Oregon's statewide transfer tools and degrees and recommend next steps that support dispute resolution. Note:
 - ✓ Students should first follow their home institution's internal complaint process (e.g. talk to their academic advisor, academic unit, Registrar, or Provost)
 - ✓ The HECC has authority to handle student complaints but only if they are related to discrimination or retaliation
 - ✓ While OTAC does not have legal authority over transfer complaints, as the only statewide transfer advisory body, OTAC can make recommendations and assist institutions and students in resolving compliance issues.
5. Students who successfully complete the MTM at a community college will have the MTM notated on their transcript. If the MTM takes the form of an associate's degree, it will be reflected in the standard degree posting format used by the community college. If the MTM is not an associate's degree, but rather an optimal transfer point with fewer than 90 credits, it will be posted as a notation on the community college transcript.

Part 2: Limitations

1. Completion of the prescribed curriculum in the statewide transfer articulation agreement does not guarantee admission to a participating receiving institution. Students must meet all admission and application requirements at the receiving institution in place at the time of admission, including the submission of all required documentation by stated deadlines.
2. Minimum grades required for general transfer and for application to major requirements and pre-requisites may vary by each Oregon public university and by each degree/major. Each MTM agreement will specifically list the minimum grade requirements that will guarantee transfer including minimum required grades for major courses and Pass/No Pass limitations. All schools accept a grade of a "C -" or better in all general education courses. Students should contact the admissions counselor or intake advisor at the university they intend to transfer to for more information.
3. Completion of an MTM and admission to a receiving institution does not guarantee enrollment in a specific degree program. Some programs at receiving institutions have controlled and/or competitive entry due either to space limitations or academic requirements.
4. The credit and course transfer guarantees described in the specific MTM agreements apply only to the specific degree programs covered by the agreement. Therefore, if a student changes to a new major some courses may not apply the same way towards the new major as they would for the original major. When students change majors the old MTM major guarantees may no longer apply and receiving institutions will evaluate applicability of transfer on a course-by- course basis.
5. AP (Advanced Placement) and IB (International Baccalaureate) credit:

- ✓ General Education Courses in the MTM:

AP and IB articulated credits used to meet the general education components of the Major Transfer Map will transfer, and are guaranteed to fulfill general education requirements at the receiving institution, as long as the articulated credits are listed on the Advanced Placement and International Baccalaureate Statewide *Course Credit Policy* found on the HECC website.

- ✓ AP (Advanced Placement) and IB (International Baccalaureate) in the MTM:

Using the current *AP and IB Statewide Course Credit Policy* as a reference, the Major Transfer Map workgroup will assess how AP/IB exam scores apply to the MTM (range of credits and course articulations). In particular, the MTM workgroup will identify whether the credit range and course articulation of AP/IB exam scores differ among the 17 community colleges and 7 public universities in ways that create transfer misalignment for students earning the MTM.

The workgroup will refer all areas of misalignment to the AP/IB Statewide Policy Group, which will work with the higher education institutions' appropriate representatives (including faculty and academic leadership) to resolve the areas of misalignment by establishing common range of credits and defined articulations across the 17/7 so that AP/IB exam credit awarded at any community college will transfer to all public universities and apply as intended in the MTM.

If 17/7 alignment in range of credits and course articulation for AP/IB exam scores is not possible, the MTM workgroup will determine whether the differences constitute acceptable and warranted variance within the MTM. If so, the workgroup will recommend the variance to OTAC when it submits the MTM to OTAC for the approval process. If the MTM workgroup determines that uniformity is necessary, and a particular institution elects not to conform, that school is choosing not to be a participant in that particular MTM.

The English Literature MTM group will work with the AP/IB Policy Workgroup to resolve any outstanding AP/IB issues by December 31, 2020.

6. Please note that each Oregon public university has differing policies on institutionally administered exams (sometimes called Challenge Exams) and students should contact the admissions counselor or intake advisor at the university students intend to transfer to for more information.

7. Students should consult with advisors at their community college and receiving university if they have additional questions.

Part 3: Institutional Obligations

1. Oregon public universities and community colleges, under advisement from OTAC and HECC, will build an alert mechanism into their curriculum review process for changes related to courses, programs, or admission that may impact the MTM.

- ✓ The institution proposing a change in required or pre-requisite courses, with potential to impact lower-division course taking will alert their Registrar and Major Transfer Map group to review the change.
- ✓ If the proposed change creates a need to modify lower-division course taking as defined in the existing MTM, the OTAC representative from the particular MTM group will bring the issue to OTAC for review to determine if updates need to be made to the agreement.
- ✓ All public higher education institutions who are signatories of the agreement are expected to stay in alignment with the approved MTM. Changes to courses included in the MTM that will affect their transferability must be approved by the MTM group and OTAC before taking effect.
- ✓ MTM groups are expected to meet annually or as needed to ensure continued alignment and the effective dates will be reflected in each MTM. Catalog rights follow the MTM.
- ✓ If valid reasons exist that prevent sufficient alignment, a given institution may have to exit the agreement. In such cases, the Provost of the university must notify OTAC and work out an effective timeline for leaving the agreement such that the university honors the catalog year guarantees and provides a workable teach-out plan so students in the pipeline are held harmless.

2. Oregon public higher education institutions agree that where university-specific curricular variance exists within the MTM, it is identified and justified. Acceptable justifications should be related to

student benefit, necessity for academic success in meeting future requirements at the junior/senior/graduate school/employment level, and immovable external requirements such as accreditation requirement differences.

3. Participating institutions agree to continue to work toward maximizing course alignment as much as possible with the goal of awarding direct equivalency for all MTM courses, even when a transferring student has not completed the entire MTM.

Part 4: Prescribed Curriculum

This Major Transfer Map outlines specific course requirements for students at any Oregon community college who plan to transfer to a four-year public university and earn a Bachelor of Arts in English literature. Students may take classes that fit these categories at any Oregon community college and expect all classes to transfer into general education or the major at any Oregon public university. This map is intended for students who know they want to transfer and earn a Bachelor of Arts in English literature, but who are unsure of their intended transfer destination. Students should work with an advisor to ensure they fulfill the requirements of this major transfer map. Students who are certain of both their major and their intended transfer destination should consult an advisor for information on an existing specific articulation agreement or degree map that will prescribe their course requirements. If a student is seeking a Bachelor of Science in English literature, they should work with an advisor.

Note that in order for a student to successfully transfer to an Oregon public university, students must: 1) earn a grade of a “C” or better in courses in the major; 2) take courses in the major for a grade—they will not be accepted as “pass/no pass”; and 3) earn a cumulative grade point average of 2.0. Students must also regularly meet with an advisor. Students are strongly encouraged to: 1) seek advising before their first term of college; 2) seek advising after they have completed the 27-35 credits of the Core Transfer Requirements; and 3) seek advising and meet with a transfer coordinator before registration opens at the beginning of the students second year in college. Students should also be aware that if they want to complete this Major Transfer Map in two years, they should take an average of 45 credits per year, or approximately 15 credits per quarter. Finally, to earn an Associate’s degree, students will need to successfully complete at least 90 credits.

Oral Communication	COMM 111 or equivalent ¹ ¹ transfers to all Oregon public universities and fulfills general education, or at PSU counts toward UNST placement (see footnote below)	3-4

Arts and Letters	Philosophy ² <i>²this course counts as “Aesthetics and Humanities” (AEH) at EOU, which is fulfilled by other courses in the MTM, so this course would be unnecessary (excess) general education credit at EOU and would count as an elective **** At PSU counts toward UNST placement (see footnote below)</i>	3-4
Arts and Letters	Music or Theater Appreciation courses ³ <i>³this course is not necessary for general education at EOU and would count as an elective unless it is a music or theater performance class * 4-credits chosen from one of the following areas will satisfy the PSU 4- cr. Fine & Performing Arts requirement: Architecture, Art History, Art, Dance, Film, Fine & Performing Arts (FPA), Music Education, Music, Applied Music, and Theater Arts</i>	3-4
Social Science	United States History (citizenship, social responsibility, global awareness) ⁴ <i>⁴transfers to all Oregon public universities and fulfills general education, or at PSU counts toward UNST placement (see footnote below)</i>	3-4
Science	Biological or Physical Science ⁵ <i>⁵students must take a different science course than the one they took for the Core Transfer Map portion, this transfers to all Oregon public universities but the Science requirements are already filled for EOU and WOU so this could count as an elective and is unnecessary (excess) credit **** At PSU the Science requirements are also already satisfied, but these credits count toward UNST placement (see footnote below)</i>	4-5

****University Studies (UNST) is the name of PSU’s 4-year General Education Program which includes a 15-credit Freshman Inquiry (FRINQ) requirement and a 12-credit Sophomore Inquiry (SINQ) requirement: Students transferring with 30 or more credits will satisfy the FRINQ requirement; students transferring with 30-59 transfer credits are required to complete 3 SINQ courses; with 60-74 credits are required to complete 2 SINQ courses; with 75-89 are required to complete 1 SINQ course. Students transferring with 90 or more credits will begin with a 12-credit Junior-level Cluster and complete the 6-credit Capstone requirement.

Appendix A. University of Oregon English Literature Transfer Agreement

The English major at the University of Oregon (UO) requires students to take a total of 60 credits, with 16 of these credits at the lower-division (LD) level. For Fall 2020 the UO English department is proposing to change the total credits required for the major from 60 to 56, of which 16 are lower-division. Two lower division courses are electives in the major and two are genre courses, designed to survey the full literary history of a genre such as romance, tragedy, fantasy, or slave narrative. Because other English (ENG) departments in Oregon public universities do not require genre courses for their majors, the University of Oregon English Department came up with a special solution for the MTM. After a community college student fulfills two LD electives in the major (which will be fulfilled by one of our path's Arts and Letters requirements and by our Shakespeare requirement), additional 200-level ENG courses (beyond two LD electives in the major) may count toward the ENG 205 Genre course. This means that if a student follows the English Literature MTM path and takes all of the recommended English courses, one American or British survey course will now equal one genre course at UO (given that the LD English electives have been fulfilled). One ENG course can count toward both the major and the general education or core requirements.

While two ENG 205 genre courses are required for the major, only one is a pre-requisite to begin the Foundations series of 300-level courses that are required of all UO English majors. Our path only takes care of one genre course, so after a student transfers they will still need to take a final 200-level genre course as a junior. However, this will not set a student back because at UO the main way students get off track is through not fulfilling their language requirements for a BA degree, and we have built in language requirements in our path.

If a community college (CC) student only takes two courses, they should transfer as lower-division electives in the major, not as genre courses, and then the student can take ENG 205 Genre at the University of Oregon. If a CC student takes three or more English courses, then the University of Oregon English department is ready to approve the third and fourth as satisfying the genre courses (and thereby meet the goal of the MTM, fulfilling all lower-division requirements for the major) because they assume that with a range of literature courses the student would get an adequate exposure to the concept of genre across various periods and places in literary history. Thus the surveys of American and British Literature are appropriate courses, but so are World Literature and Shakespeare, to teach these students about genre.

Appendix B. Western Oregon University English Literature (BA) Transfer Agreement

Summary of Agreement with WOU:

1. Arts & Letters 200-level Literature course from AAOT list requirement: Western will accept these courses in one of two ways:

- If these courses are not American, British, or Shakespeare literature survey courses they will be accepted as general education AND will count as prerequisites required to take WOU 300-level courses
- If the courses ARE American, British, or Shakespeare literature survey courses they will be accepted toward general education AND the major.
 - American or British Survey courses will count toward fulfilling the four required survey courses of the WOU English Literature major

2. The WOU English department is aware of community college student and the MTM group's desire for more diverse courses to be accepted into the major at WOU. The WOU English department is in the process of hiring faculty who can teach these types of courses. They are willing to offer these courses in the future pending a successful hire. They are willing to explain this in writing to OTAC (see Appendix C).

3. Literature A: 200-level Shakespeare: Transfer students will be able to take Shakespeare at the 200 level and they will not be required to take Shakespeare again at the 300 level. However, to fulfill university upper division coursework requirements, transfer students will still need to take an additional upper division course. However, this requirement does not require transfer students to take more courses and/or credits than native students as seen in this table created by WOU:

# CREDITS	NATIVE STUDENT	TRANSFER STUDENT
Lower Division	90	90
LD Applied to Major	23-28	27-32
UD Applied to Major	37	33
Total Credits in Major	60-65	60-65
Upper Division Requirement (Institutional Requirement)	60	60
UD Major Credits	37	33
Remaining UD Credits Required	23	27
Additional Credits to Degree Completion (Elective)	30	30
Total Credits for Graduation	180	180

4. Literature B: 200-level American or British literature survey courses: Transfer students are not required to take 204 before they transfer. Additionally, transfer students can take any 200-level American or British literature survey course and it will count toward fulfilling the four required survey courses of the WOU English Literature major

5. The WOU English department has stated that by the end of sophomore year, the majority of native (non-transfer) students have taken 4 courses in the major and the aforementioned four courses represent the appropriate amount to take by the end of sophomore year to be considered of junior standing in the major. If students follow the English Literature MTM agreement with WOU and in the near-term (before new faculty are

hired and can offer more diverse courses) take American, British, or World Literature survey courses, transfer students will have completed four courses in the major:

- 2 American, British, or World Literature to satisfy the Arts and Letters requirement
- 1 200-level Shakespeare course to satisfy the Literature A requirement
- 1 American or British survey course to satisfy the Literature B requirement
