Planning Ahead for the EMS Application

Students planning for the EMT, AEMT, or Paramedic courses starting in the fall or winter can utilize the information below until the application and link to Qualified First is activated on April 1st. Entrance into the EMS course is granted to students who complete the process outlined in the application and below. We do not reserve positions in the course for students “in process” unless otherwise noted. For paramedic applicants, additional information will be required and is outlined in the application or can be provided by speaking to an EMS advisor.

On April 1st, this page will be updated to include the required information for purchasing the EMT or Paramedic application/tracker through Qualified First. Once that tracker has been purchased, you will upload all documents into that account; they **ARE NEVER** accepted in-person, by email, or by other means directly to our department. Qualified First is the only way documentation is accepted. If there are ever any concerns about why a document is not being accepted, contact Qualified First and then Rusty Riis at rriis@rogucecc.edu if your issue still needs to be resolved.

Educational Requirements for EMT and AEMT

(Paramedic applicants must meet with an Advisor for additional education requirements.)

All new RCC students must complete the placement process before registering for classes. This requirement may be completed based on college transcripts, placement test results from another college, qualifying or student self-placement process. Visit <https://web.rogucecc.edu/placement-process> or contact recruitment@rogucecc.edu for more information.

- Students must have completed **RD90 or be eligible for RD115**
- Students must have completed **WR90/WR91, or be eligible for WR115 or higher**
- Students must be **eligible for MTH20 or higher**
- AEMT Only- Proof of EMT license is required to gain entrance into the course by the start of the course.

*** Students must provide proof of completion of the placement process or unofficial transcripts from RCC that meet the above requirements. Students who fail to provide appropriate documentation will be removed from the EMS registration process***

Immunization and Required Forms

Waivers of these course requirements based on religion, personal preference, or other reasons are not permitted due to public health safety standards that must be followed.

OFFICIAL medical documentation from a physician, clinic, county health department, or similar entity is required for each of the immunizations listed. School records are not accepted.
