Did you know!

Rogue Central Services

May her memory
be eternal!

She was a sweet friend, an amazing advocate for students, a diligent worker, and a ray of sunshine on a dreary day... a wonderful servant and helper for students needing to find their path, navigate their education, and go out into the world to make it a better place.

She will be dearly missed...

R.I.P. R.C.S...

Inspirations

Thinking about those who survived the hardships of both world wars, the depression of the 30's, the polio epidemic over 50-60 years ago, gasoline rationing in the 70's or 80's, the horror of 9/11, and many years ago, how my great grandparents survived on the Midwest prairies in a sod hut and established a farm made me think of **courage and resilience**, which were needed this past year during the COVID pandemic.

There are no academic emergencies.

~ Paula Calcaterra, Nursing Instructor

A shelter-in-place order is no problem for a knitter.
My mantra for the last year was "Just keep knitting!"

UNBREAKABLE **KIMMY SCHMIDT**

“I learned a long time ago that a person can stand just about anything for 10 seconds, then you just start on a new 10 seconds. All you’ve got to do is take it 10 seconds at a time.”

2020-2021 brought of world of change,
but the truth still remains;
FAITH, HOPE and LOVE
...and the greatest of these is love.

So thankful for SO much.

~ Anna Manley, Foundation

eating frog legs at Willie's Duck Diner in West Monroe, LA. It was a dare... 😊

As I have been working through the craziness of the past year, this is the quote I have referred to:

“If you have to eat frogs, eat the ugliest one first.”

"What if everything you're going through is preparing you for what you've asked for?"

Wisdom is the soul's recognition of its purpose and journey.

Our happenstances

are there to show us
our potential and opportunity

Through the challenges of the CNS Implementation and back again, I found this quote helpful and positive:

Nothing is
IMPOSSIBLE,
the word itself says
'I'm possible'!
