

Rogue Community College

As we finish up fiscal year 2019/20 you may notice some name changes in RogueNet. Outlined below are fund name changes intended to be effective in FY 2020/21, when we were to transition to Campus Nexus Finance (CNF). However, it was necessary to delay the go-live date beyond the start of the new fiscal year. This means we needed to implement the fund name changes in RogueNet now to move forward with making RAPS available for FY 2020/21.

Please note you may see these changes as you finish out FY 2019/20 PO's and travel requests. Other than the name changes it is business as usual. There are no account numbers changes for FY 2019/20 and access should not be impacted by these updates.
