

Rogue Community College FY 2017-18 Budget committee

Responses to Committee Questions and Information Requests

May 25, 2016

- **How is management addressing the anticipated expense to bring RCC's Campuses into compliance with the ADA Audit?**

Management has discussed the preliminary unofficial audit findings and has identified several ways to cover the anticipated expenses.

- Appropriate funds in future budgets;
- Draw on current year reserves;
- Defer a portion of our annual maintenance allocation;
- Request additional funding from the State.

It is anticipated the College will have 3-5 years to complete the required updates, allowing the College to spread out the expense.
