

2012 - Initial
Marjorie Holzgang Concert Bowl
Project *Schematic Site Plan*

Rogue Community College

GRANTS PASS, OREGON

April 6, 2012

A grayscale photograph of a grassy field, likely a park or event space. In the background, there is a line of trees and distant hills. In the foreground, a small, simple structure with a peaked roof stands on a patch of ground. The overall scene is open and natural.

Design Criteria:

- Improve ticket booth
- Construct a new restroom / concessions facility
- Stabilize and level the surface for chair seating
- Reduce slope for lawn seating
- Improve the staging area for event controls
- Improve access –
 - ADA
 - Emergency vehicles
 - Maintenance vehicles
 - Equipment loading at stage
- Investigate shade cover options for audience
- Disperse access points

Preliminary Site Plan

March 9, 2012

Design Program Elements

- Entry Plaza
- Expanded Restrooms
- New Ticket Booth
- Access Path / Driveway to Stage
- Seating
 - Lower Tier – 302 Seat Capacity (Accessible)
 - Middle Tier – 840 Seat Capacity
 - Seat Walls – 466 Seat Capacity
 - Total Capacity: 1608 (Approx.)
- Open Lawn Seating (Upper Bowl)
- Stairway Access to Top of Bowl
- Upper Viewing Area
- Slope Stabilization
- Stage / Infrastructure Improvements
